FOR IMMEDIATE RELEASE

Eisai and Accenture launch Clinical Data Management in India under global outsourcing agreement

Tokyo, February 13, 2008 — Eisai Co., Ltd. and Accenture Japan., Ltd. announced today that under the global outsourcing agreement signed between Eisai Medical Research Inc. and Accenture LLC, Accenture will provide Eisai with clinical data management services through its delivery center in Chennai, Tamil Nadu, India. Starting full operation from February 13, 2008 after 3 weeks trial period, the service will cover Japan, the United States, and Europe. This is the first time a major Japanese pharmaceutical company

improve their performance. With approximately 170,000 people in 49 countries, the company generated net revenues of US\$19.70 billion for the fiscal year ended Aug. 31, 2007. Its home page is www.accenture.com.

Accenture Global Delivery Center

Global delivery network comprises more than 40 delivery centers at carefully chosen locations across the globe, Europe, North and South America, and the Asia Pacific region. Every center is continuously linked with every other delivery center in the network to ensure business continuity regardless of the political or economical climate of any given country. Through the common methodologies, tools, architectures and metrics of the Accenture Delivery suite, a scalable and flexible network is created that truly enables clients to source the right skills and services at the right price.
